Substitute Appreciation Day 2026 (Substitute Educators Day): Friday 20 November

Peabody blog · Teaching · updated 2026-11-11

Substitute Educators Day 2026 is Friday 20 November. Thank your subs with a free kit of printable notes, fill-in cards, a staff-room sign and ideas from $0.

Substitute Educators Day 2026 is Friday 20 November, the National Education Association's date (the Friday of American Education Week; SubWeek, the other date schools use, is the first full week of May), and everything to thank your subs, from printable notes and a staff-room sign to ideas that cost nothing, is in the free substitute appreciation kit.

Peabody (peabody.kids) is a reading site for children, free through the end of 2026. For the last quiet minutes of a sub day, its library has stories by reading level to put on the projector.
