Danny Digs Doors

Level 5 · 13 pages

Danny Meadow Mouse lived in the snow.

He dug a path under it. He made a round door.

Reddy Fox came by. He saw a little brown nose.

Reddy ran at the door and dug and dug.

But Danny was not there! He was at the next door.

Reddy ran to the next door and dug and dug.

Gone again! Danny was at a third door.

Reddy lay down and shut his eyes. "I am asleep," he said.

Danny was not fooled. He gave a little laugh.

Reddy sat by a door. He did not move.

Then he turned his head. Danny was at the next door!

"Dig, dig, dig, you can not find me!" sang Danny.

Reddy went home with snow on his nose.
