My Teeth

Reading level 5 (2nd grade) · 78 words

Smile big. Do you see your teeth?

Baby teeth hide in your jaw.

You were born with 20 of them.

The first one shows at about six months.

By age three, most have come in.

At about age six, a tooth gets loose.

You can wiggle it with your tongue.

Wiggle, wiggle, wiggle!

Out it comes!

A new tooth was waiting under it.

The new tooth grows in.

Run your tongue over your teeth. Find a wiggly one?
